Collateral Recovery Group will sell your collateral through **Manheim Auto Auction in Daytona Beach, Florida**. The sales occur every **Wednesday at 4pm** and we must have all of the required paperwork in hand by Monday evening prior to the sale.

Upon receipt of your request and all required documents, your collateral will be scheduled for the next auction. Proceeds will be sent, after the collateral is sold, minus the expenses accrued (transportation, selling fee) as detailed below. All repossession charges are typically paid for prior to the sale of the unit, however, in some cases these fees can be removed from the proceeds of the sale of the collateral.

Should the expenses accrued exceed the sold amount of the collateral; a bill will then be sent with an explanation of charges.

What you need to provide:

- 1) Executed Power of Attorney and Indemnity and Hold Harmless Agreement (we provide this document).
- 2) Selling instructions detailing the earliest sell date allowed with the unit description and “floor price” clearly noted.
- 3) Title and/or at least a copy of the title.
